## BILL ANALYSIS

By: Leedom

S.B. 101

### BACKGROUND:

Currently, Texas has an investment in excess of \$23 million in 75 print shops scattered throughout the state. Agency and university print shops are estimated to spend more than \$30 million each year. If these operations were combined, they would rank as one of the largest printing operations in Texas.

During the interim prior to the 70th Legislature, the Senate Committee on Agency Services Management concluded that there is no uniform measure of print shop performance for state printing operations. The Committee recommended that a central authority be established within the State Purchasing and General Services Commission to remedy this deficiency.

### PURPOSE:

As proposed, S.B. 101 sets forth the powers and duties of the printing and graphic arts division of the Purchasing and General Services Commission.

### RULEMAKING AUTHORITY:

It is the committee's opinion that rulemaking authority is granted to the State Purchasing and General Services Commission under Section 1 of this bill.

### SECTION BY SECTION ANALYSIS:

SECTION 1. Amends Article 601b, V.T.C.S., by adding a new Article 15, as follows:

#### ARTICLE 15. PRINTING:

Sec. 15.01. Requires the printing and graphic arts division of the commission to assist agencies in evaluating their related activities. Requires the division to periodically report recommendations to the appropriate associate deputy director.

Sec. 15.02. (a) Sets forth duties of the division.

(b) Requires the division to implement and enforce Section 3.26 of this Act.

SECTION 2. Effective date: September 1, 1989.

SECTION 3. Emergency clause.

## FISCAL NOTE

March 16, 1989

REVISED

TO: Honorable John T. Montford, Chairman  
Committee on State Affairs  
Senate Chamber  
Austin, Texas

In Re: Senate Bill No. 101  
By: Leedom

FROM: Jim Oliver, Director

In response to your request for a Fiscal Note on Senate Bill No. 101 (relating to creating the printing and graphic arts division within the State Purchasing and General Services Commission) this office has determined the following:

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

The bill would create a printing and graphic arts division at the State Purchasing and General Services Commission (SPGSC) to review and manage printing and graphic arts activities in state agencies. The commission would be responsible for identifying and encouraging the use of cost effective practices in printing and graphics operations. In addition, SPGSC would be authorized to: 1) evaluate and coordinate the acquisition of printing and graphic arts services and equipment; 2) serve as a resource on available state capabilities and private vendor services in this area; and 3) coordinate the consolidation of state print shops when requested by the affected agencies.

The probable cost of creating a printing and graphics arts division at the State Purchasing and General Services Commission and to implement the provisions of the bill relating to that division during each of the first five years following passage is estimated as follows:

<u>Fiscal Year</u>	<u>Out of the General Revenue Fund</u>	<u>Change in Number of State Employees from FY 1989</u>
1990	\$231,722	+6
1991	201,202	+6
1992	201,402	+6
1993	201,602	+6
1994	201,802	+6

Similar annual costs for the printing and graphics arts division would continue as long as the provisions of the bill are in effect.

The fiscal implications to the State from the cost effective practices in printing and graphics operations that would be recommended by the new printing and graphic arts division cannot be determined, since those state agencies that would comply with the review authority of the new division is not known.

No fiscal implication to units of local government is anticipated.
